DETAILED ACTION

Reasons for Allowance

1. Claims 1-13 and 15-32 allowed.
2. The following is an examiner's statement of reasons for allowance: the applicant's amendment filed on 09/24/2010 in conjunction with the remarks have been reviewed by the examiner in view of the prior art of record, and it is agreed that the prior art of record does not teach the claimed limitations in independent claim 1 as in where "retrieving an identifier of the network element from the control module; and defining a second address for the interface of the sub-element based on the retrieved identifier of the network element and the first address, wherein the second address is valid in an external network with which the network element communicates". Independent claims 15 and 29 were also allowed as they also contain the same allowed claim limitations as in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
